## PURITY BAKERS GAIN ON RIVALS B DEFEAT OF FELDMAN PLAYERS

With Billie Meason and Calamia Back on Job Baker Players Defeat Feldman Team in Bitterly Contested Game; Paul Fisher and Mulcahy, the Feldman Twirlers, Given Poor Support During Contest.

COMING right back from their defeat at the hands of the Feldman and Book teams, the Purity Bakers, strengthened by the return of Calamia and Billie Meason, decisively defeated the Feldman team Sunday afternoon at Rio Grande park by the score of 3 to 1. In the second game Purity City team retained the lead of the day when manager Billie Meason, of the Western team, trotted out Mr. Vote, a new pitcher, who allowed the Bakers to win the game by a score of 2 to 0. For the unbroken crowd. Vote cast enough balls during the entire game to hold the Mexican boys in check and was never in danger of being defeated.

The initial affair of the day was bitterly contested, in spite of the numerous errors that were made by the players of each team. The contest was protested by manager Red Lavigne, of the Feldman team, on a decision of the umpire in the sixth inning, when Red Longmire, a local player, was hit by a pitch. Carberry started the inning by flying out. Longmire also flew out to left field, and Longmire was safe at first, when a throw by Longmire dragged Vladimir off the base.

Paul Fisher, doubled to left and Longmire, rushed to third. When Vote started to wind up, Longmire rushed toward home plate. Calamia jumped in front of Vote, who was at bat, and attempted to catch the ball in an effort to tag Longmire out. He dropped the ball, however, and Red scammed across the plate, Fisher going to third. Umpire Monahan, who was back of the plate at the time, sent Longmire to third and Brown to first, stating that the play was interference by the catcher. The decision provoked a quarrel with the fans and there was a storm of protest, ending in manager Lavigne protesting the game.

The feature of the day was the work of Vote in the second game, and it is predicted that this young twirler will be of great aid in guiding the Western team up the ladder. The score:

First Game	P	B	F	A	E

## FELDMAN TEAM TAKES VICTORY

Defeat Hard Hitting Cavalry in Snappy Game at Rio Grande Park.

Bouncing their hits in second and sixth innings behind the effective pitching of Gillette, the Feldman team of the Paso City league defeated the snappy fifth cavalry team Saturday afternoon at Rio Grande park by the score of four to two.

Twirler Sadatrah, of the cavalry, who had an unbroken record of the consecutive victories, pitched a steady game throughout but was unable to hold down the hard hitting Feldman. Mulcahy pitched the first three innings for the Feldman team and Gillette was then sent into the box to finish the contest.

Prior to the game, the fifth team was undefeated, having won from every team of note on the border.

The score:

## KNOCKOUT OF FLYNN ADVANCED STOCK OF FULTON IN THE EAST

Defeat of Tough Batter Marked New Era in Fighting Record of Heavyweight Title Contender; Flynn Was Considered One of the Toughest Men in the Division and Had Been Knocked Out But Seldom.

By T. S. ANDREWS

W HEN Fred Fulton, the Minnesota giant, knocked out Rocky Flynn, the Boston heavy weight, in four rounds of a scheduled 10 round contest in New York last week, he accomplished what none of the other heavyweights have been able to do. Flynn, while he has never been considered a championship contender, was always a thorn in the side of many heavyweights. He was a hard man to beat in a short or long battle, for he had a peculiar defense and was hard to get at.

Flynn has been battling around the east and over in Europe for the past eight or 10 years and during the past three or four years he has won the heavyweights in the business, among them, Bombardier Wells, Al Palmer, Battling Lerinsky, Jack Dillon, Charlie Weipert, Carl Morris, Al Smith, Colin Bell, Tom McLaughlin, Tom Fowler, Gus Smith, Joe Johnston, Battling Johnson, Sam McVea, and Sam Langford.

He also fought a 20 round battle with Fulton in New Orleans, although Fulton received the decision. The Minnesota giant had just previously beaten Charlie Weipert and also Sam Langford and his knockout of Flynn makes him look the most formidable heavyweight in the business today, outside of champion Jess Willard.

Fulton is matched to meet Carl Morris in a 15 round contest in a decision at Canton, O. Labor day and the chance he will be matched with Frank Moran before that time or possibly later.

When Charlie Weipert, after losing on a foul in Fulton at Buffalo, made a claim that he could stop the Minnesota giant, he was not only looking for some publicity, but he was also looking for a fight. Fulton came right back at him and offered to stop him on every heavy weight night, until he had gone through the entire list of men.

No one offered to take up Fulton on this proposition and the matter rested there. Fred may have looked like an "in and out" for some of them, but the way he is going right now makes him look about the best betting proposition in the heavyweight division.

Since Freddy Welch lost the world championship to Benny Leonard, Harry Pollack, manager of the light

weight champion, has been looking for a fight with Fulton. He is now looking for a fight with Fulton.

Another boy who was well thought of in New York as a contender for the title held by Benny Leonard is Pete Harley, known as the Thurable Dane, and managed by Leo Flynn. Walter St. Dennis, the New York critic, is very much in favor of him. He is very much in favor of him.

Fulton is a very much in favor of him. He is very much in favor of him.
